

Vision Statements

Thursday, 20 February 2014 18:53 - Last Updated Monday, 22 January 2018 02:04

The aim and objective of Cordova Int'l School & College is simple. It aims at presenting the nation very good quality citizens. Very good quality citizen is possible when the teaching gets the combination of moral and modern education. The Cordova is working for building students up as very good quality citizens as well as good human beings. So it has formulated its teaching methodology in line with the international standard. This is how it is implementing in the class equipping the teaching staff through imparting them proper training.
